IN FLY TIME.

Ten small tenement kids playing in a line,
A fly gave one typhoid and then there were nine.
Nine little children were eating by the gate,
Flies walked on their lunch and then there were eight.
Eight little kiddies talking about heaven,
One played in the gutter, then that left seven.
Seven little kids got in an awful mix.
One fell in garbage can and then there were six.
Six cunning children were very much alive,
One played on offal pile, then there were five.
Five little girls playing by stable door,
Filthy flies killed one and left only four.
Four little children who ought to be happy be,
One ate fly-blown pie, leaving simply three.
Three little kiddies watching baby coo,
Baby's bottle fly tainted, leaves only two.
Two dear little kiddies sadly play alone,
One was eaten up by flies and left just one.
—Annette Fitch.

SERIOUSLY HURT

While Beating His Way—Will Probably Die From His Injuries

James Chaffin, colored, aged 23, hailing from Virginia, and recently employed on the C. and O. at Brent as a laborer, is a patient in Wilson Hospital with chances about even as to his recovery.

Saturday night he was beating his way on No. 4, the Fast Flying Virginian. He was riding the bumpers behind the blind baggage, and in some manner, while the train was passing over the viaduct in Front street, he fell or was knocked off his dangerous seat, falling some twelve or fifteen feet. Dr. A. O. Taylor had him conveyed to the Hospital, where a diagnosis developed that he had sustained a compound fracture of the right thigh, right knee badly mashed and his head and face lacerated. He is certainly in a bad way and his recovery is a matter of doubt. He will be removed today to the Company's Hospital, Clifton Forge.

Mr. Richard Carr is nursing a very sore hand, caused by handling wild ivy while spending a day in the woods at Blue Lick Springs.

Heiser Plant Closes Season

The J. B. Heiser redrying tobacco plant has closed down for the season after turning out 3,000,000 pounds as its total for the first season. Mr. John M. Foss, the genial manager, who had 40 persons under him, has returned to his home in Louisville, but expects to be back again next winter when the big house resumes operations. He says he expects to double the output next season.

Saved From a Watery Grave

Had it not have been for the timely aid rendered by Messrs. James H. Cummings and Lenain Purnell yesterday morning in all probability Dennis Change, aged 18, and Lyman C. Moore, aged 15, would be filling a watery grave. The two boys were in bathing a short distance above the ice piers, when they were caught in the treacherous undertow that is a menace to all venturesome boys, who, despite the many warnings given in these columns, persist in defying the danger zone. Their cries for help were answered by Messrs. Cummings and Purnell, who fortunately were near by in a boat tracing a trot line. Both boys had sunk twice, and it was mere good fortune that the rescuers succeeded in saving them. Again warning is given to avoid bathing in the water immediately above the ice piers.

The favor of Silk Mixed Marquisesettes, 49c. First, they are so lovely; next, they cost so little. They have the sheerness and the luster that is wanted.
